is in keeping with the chest experience of providing funds for necessary services at the least possible expense.

USO will be included in the campaign, with a budget of \$3,600, Reader said.

The 41 Red Feather services serve about 70 percent of all families in the San Diego area, according to Graydon Hoffman, general chairman of the campaign. Child care services include institutional care of children, settlement houses, foster homes and day care. Police Find Stolen Automobile by Accident

Making a routine follow-up on a fire alarm, police yesterday recovered a stolen car and bonked the driver on suspicion of car theft.

The driver, Ronald V. Emmett, of 3543 Third Ave., apparently went to sleep in the car about 5 p.m. and his cigaret set the front seat cushion afire.

The car was parked in front of his residence, police said. Mrs. Elizabeth Smith, of 826 East Twenty-eighth St., National City, said the car was stolen from her about 2 a.m. yesterday.

EXHUMATION TO START

Exhumations were scheduled to begin at Newville Sept. 19. Some of the bodies will be repatriated and others will be buried in a permanent European cemetery.

Seibert said the exhumations would begin after a military ceremony and that the program had been planned before American authorities received the summons. He said that now the ceremony would be larger than originally planned so as to counteract the unpleasant impression this incident has created in America and to demonstrate once again our gratitude towards our American heroes.

The land at Newville was requisitioned by American military authorities during the Battle of the Bulge in 1944.

Federal Court to Open

Judge David W. Long, of Phoenix, will open a week's session of Federal Court here Monday for arraignments, re-settings and other non-jury matters. Judge Long's session is expected to help clear the heavy San Diego docket for October proceedings.
