

April 3, 1943

Dr. H. H. Schrenk,
United States Bureau of Mines,
Pittsburgh, Pennsylvania.

Dear Dr. Schrenk:

I should like to make a correction in the list of papers attached to my letter of February 16. The third paper, "Exposure to Fluorides in Magnesium Founding and Its Significance" by Edward J. Largent, should also bear the name Ivan F. Ferneau. I shall appreciate it if you will add this name as a co-author.

Cordially yours,

Robert A. Kehoe, M. D.
