SUBJECT : PYDRAUL Trademark;
Bulletin IC/FF-56

REFERENCE :

TO : W. D. Lubic
B1NB

I have reviewed the subject bulletin for correct trademark usage, and recommend the following revisions:

1. On page 1, the ® after the PYDRAUL trademark should be keyed to a footnote reading ®Trademark of Monsanto Company.

2. In the "Note" that appears on the unnumbered page after page 1, "Monsanto's fire resistant PYDRAUL® FLUIDS" should be revised to read "fire resistant PYDRAUL® fluids from Monsanto".

3. The ® should be inserted after the PYDRAUL trademark in line 1 and in the second heading on page 2, and in the heading on page 5.

4. Since Viton and Teflon are trademarks of Du Pont, these marks should be keyed by an asterisk to a footnote reading *Trademark of E. I. Du Pont de Nemours & Co., Inc. as indicated on page 6.

Thank you for giving us the opportunity to review this bulletin.
