I am told that the Maintenance person, <sup>TFS, Jim D.</sup> is leading asbestos removal. He was apparently taking direction from Jack Gillespie. I remember that Bob Link had asked Ed Ballard to pull together the Plant asbestos program and B3B's. Perhaps you can update the MIT on all this now that we have so many new "players".

~~Jim D.~~ - Good point -

When can we have a  
plan <sup>updates</sup> re-focus report?

John Corrie & I are working on it now.  
There are two pieces - organization and philosophy/strategy.  
I'll have a draft to you by 3/27
