22nd April, 1958.

The Managing Director,
Australian Blue Asbestos Ltd.,
SYDNEY.

Dear Sir,

VISITORS: We have been advised by the L.C.L. Secretary that Mr. and Mrs. Menzies and party will be touring the North West during May. At the moment the itinerary is as follows:

Arrive Wittenoom 5.30 p.m. on May, 17th.
Civic Reception by Road Board - 8 p.m.
Visit mine and mill - 8.30 a.m. Sunday, 18th.
Leave Wittenoom - 11.00 a.m. Sunday, 18th.

We are trying to have the time at Wittenoom extended slightly.

We understand that accompanying the Prime Minister there will be representatives from most of the leading Australian newspapers, A.B.C., A.B.C. Television and Fox Movietone and, possibly, others. It is assumed that you do not wish to place any limitations on the activities of these people. Information will, of course, be limited to that usually given.

It is suggested that we give the Prime Minister a short resumé of the main features concerning our project and we submit the attached sheet for your consideration. However, The C.S.R. Co. Ltd. publicity officer may have other suggestions. In addition, a graph could be attached showing production, value and export earnings for the last three years.

We have been asked to treat this matter as confidential until it is made public in the press.

Yours faithfully,

[Signature]
Director.

Recommended forms of assistance required to
reduce costs of production and to make the industry competit-
on a long term basis :-

Produced in Asbestos Personal
Injury Cases: Abrams lead and
copied to Richard F. Scruggs

- (a) Freight Subsidies
- (b) Substantial increases in Income Tax Zone Allowances.
- (c) Abolition of Pay Roll Tax.
- (d) Improvements to port at Port Hedland to enable overseas ships to call and so avoid freight costs to Fremantle on at least some of our production.
