Dear Ms. Garner:

Please accept our apologies for the delay in answering your letter of August 26. It has just come to my attention. It was addressed to no one individual and has been floating about for some time. I note you have indicated that this is the second such request for information on our Tapex.

You have our assurance that Tapex does not contain asbestos.

Once again, I regret the delay in getting this information to you. Should you require further information or if I can assist in anyway, please do not hesitate to contact me.

Sincerely,

NATIONAL STARCH & CHEMICAL CORPORATION
