NDPC Letter to Scott Pruitt EPA Administrator.pdf

Hey Blu,

Hopeful this finds you well! Figured email might be better than phone tag. So is the ask just the speaking engagement in September? I can definitely get that on the agenda to discuss in a fall scheduling meeting.

Thanks!

Sydney Hupp

Environmental Protection Agency
Mr. Scott Pruitt, Administrator
Mail Code 28221T
1200 Pennsylvania Ave. NW
Washington, DC 20460

Dear Mr. Pruitt;

Congratulations on your appointment as Administrator of the Environmental Protection Agency. I would like to invite you to be the keynote speaker at the North Dakota Petroleum Council's Annual Meeting on either September 27 or 28, 2017 in Grand Forks, North Dakota. Our attendees would be greatly interested in your vision and approach to the environmental protection and regulation of America's oil and gas industry.

North Dakota is the nation's 2nd largest oil producer, the 6th largest energy producing state, and a top ten producer of coal, ethanol, wind and our agriculture industry leads the nation on the production of many crops. It's no surprise, the energy industry along with the State of North Dakota and most our state's citizens have an extremely negative opinion of the U.S. Environmental Protection Agency; your visit to North Dakota can be a much-needed reset and a fresh start down a new path toward working together for benefit of our state and country. I believe your appointment to this position with the election of a new President who wants to expand and develop our country's energy and natural resources while ensuring responsible environmental regulations and enforcement is the critical first-step.

The North Dakota Petroleum Council represents more than 500 companies in all aspects of the oil and gas industry, including oil and gas production, refining, pipeline, transportation, mineral leasing, consulting, legal work, and oilfield service activities in North Dakota. Once again, we would be honored to have you as the keynote speaker at our Annual Meeting in September.

Thank you for any consideration; please contact me with any questions.

Sincerely,

Ron Ness
President
