Mr. R.A. Wells

7th May, 1976

PRIVATE & CONFIDENTIAL

I hereby tender my resignation from the post of Chief Medical Officer as from 31st July, 1976 and would be grateful if you could inform Turner & Newall Limited that I simultaneously wish to relinquish the role of Group Medical Adviser. I would be grateful if you agreed to waive the need for me to give twelve months notice, but assure you that I will not leave before a suitable successor to me has been found.

It is with regret that I have taken the decision to leave TBA, but as you are aware, I have been unhappy for some time about the lack of definition of my duties vis a vis the Turner & Newall Group. Recent overseas commitments have proven to be somewhat strenuous to fulfil in view of the recent lack of medical assistance at TBA and the calibre of nursing staff left to cope in my absences. A further reason for my discontent, but not the main one, is the fact that my present salary as Chief Medical Officer and Group Medical Adviser is below that recommended by the British Medical Association and achieved by my colleagues in industry.

I have accepted appointment as Corporate Medical Director with Raybestos-Manhattan Incorporated and hope to take up my duties at their headquarters in Connecticut on 1st September, 1976, providing you agree to release me in time to do so.

H.C. Lewinsohn.
