Agency Listing Eng.

NUMBER OF PAGES: 1 (INCLUDING COVER PAGE)

COMMENTS:

Dear Mr. Lacewell:

I have reviewed the composition of Geon compounds 87262 White 119, ~~87262 White 119~~, and 8700 A Gray 244. Many of the ingredients in these compounds are listed under an appropriate regulation in 21CFR, or are prior sanctioned for such use. Although for some ingredients the FDA status is unknown or there is no clearance, I do not see any reason why their presence would preclude the suitability of these compounds for use as a refrigerator gasket or breaker material.

Please let me know if you would like me to submit this information to NSF for their review and clearances.

Sincerely,

THE BFGOODRICH COMPANY
