Saranac Reports

I have written to Dr. Vorwald several times trying to push him a bit in getting our studies completed.

Here is a letter from him, dated March 15, to which is attached a copy of a letter which he wrote to Dr. Smart, of Los Angeles, in connection with the question of a symposium.

Dr. Vorwald assures us that the report will be finished shortly, but I cannot get him to commit himself to a date.

Will you please pass this on to Mr. Fisher, who can return it to me.

Enc

J. P. Woodard
