Subject: Meeting Request

Ms. Hupp,

My name is Patrick Rohs and I have been in touch with the EPA's D.C. office over the phone. My colleagues and I are from Xavier University and we are students researching methods to decrease costs on our sewer district in Hamilton County, OH. We would like to set up a meeting regarding a congressional bill that should be reintroduced into Congress. This bill is called the Clean Water Compliance and Affordability Act, S.2358. It would be helpful to discuss the bill with the EPA because it has direct effect on your agency. We will be in D.C. from March 27-28 and would like to schedule a time within that span. Thank you for your consideration and I look forward to further discussion.

Thank you,

Patrick Rohs
