

14:29:24:18 BY MR. POLCHINSKI:

14:29:24:18 Q And also that there -- that much of the
14:29:35:00 friction materials, rather much of the asbestos
14:29:36:22 was converted from asbestos into other non-fibrous
14:29:41:18 material, do you remember that?

14:29:41:27 A I recall that, yeah.

14:29:43:15 Q Okay. And shortly after that finding
14:29:47:12 there was a finding by -- rather there were these
14:29:51:19 studies from the friction, friction materials
14:29:55:00 council of England that came over?

14:29:57:01 A British council.

14:29:57:19 Q British council?

14:29:59:06 A Yes.

14:29:59:12 MR. DeLUCA: Could I have a
14:30:00:12 continuing objection to the leading
14:30:02:01 nature of this cross-examination, or
14:30:04:04 whatever it is, redirect? May I, so I
14:30:08:12 don't have to object to every question
14:30:10:18 you ask?

14:30:11:03 MR. POLCHINSKI: That's fine.

14:30:13:24 BY MR. POLCHINSKI:

14:30:14:04 Q And another British study in 1970 by a
14:30:19:18 Dr. Luxon, L-U-X-O-N, do you remember that one?

14:30:23:27 A I don't remember that one.
