SUBJECT: NOTIFICATION OF EPA

Attached is a copy of the Executive Summary for our Vinyl Chloride Mortality Study. We are submitting the Executive Summary as a Letter-to-the-Editor of a peer-reviewed journal.

As I recall, to comply with TSCA 8(d), we must notify EPA of the completion of the study within 30 days of acceptance of the study for publication. If you need a copy of the full report, please let me know.

Sincerely,
