Dear Dr. Kehoe:

Thanks very much for your note of June 26th and memorandum. I am glad you brought to my attention that the label on the container was marked John A. Williams. This was an error and should have been [REDACTED]

I don't know whether or not I have mentioned to you before but I examined this man fairly carefully not long ago in the office following his recovery and from a clinical aspect I am quite certain he did not have lead poisoning.

Yours very truly,

George P. Rouse Jr.
