Deputy Assistant Administrator Dominguez,

Congratulations on your new role at EPA, and hello from Ford. My name is Evan Belser, and I manage environmental law and policy matters for Ford, here from Washington. I'm writing to cordially invite you to our offices next Wednesday evening, for a reception by the Ohio Business Council for the Ohio Congressional Delegation. We are just down Pennsylvania Ave, at 9th Street. We expect to have Ohio's congressional members in attendance, and plenty of valuable dialogue on matters of importance to the automotive industry, Ohio, and the country.

Please do not hesitate to reach out for any reason, and we hope to see you on Wednesday.

Best regards,
Evan
