PFAS WP7 (SEA) **CA meeting 19_5_2021**

Results of the PFAS-
SEA pilot

19 May 2021

1. Why doing a pilot?
2. Approach pilot
3. Results
 - Comparison between uses
 - Comparison of chemical groups within a use

Discussion: What is a useful approach to impact assessment in this dossier?

4. On-going expansions

Discussion: How do we want to explain the concern and how do we want to evaluate proportionality?
