Dear Bob:

I expect to arrive in Cincinnati at 8:15 A.M.
on April 12th and to leave at 8:15 P.M. on April 13th,
being particular for that period as the Bureau plans.

I hope very much that I can find a few other
of the people on these four topics. I am sure as a dis-
cussion of this question whether the lead industry
is contributing, that it should be carried out further.

My present inclination is to let everything go
now, but I am, of course, open to convictions con-
trary.

Sincerely yours,

Manfred
