Subject: Re: SIGMA Question

Lisa,

If you could kindly just provide us with the list of folks that will actually be attending the meeting, that would be all we need. We don't need to know who all has been invited.

Thank you for asking!

Hi Millan,

Of course, I hang up and remember a question!

For the reception at 2pm that Wednesday – do you need a list of who exactly has been invited? I know you have the two boards (SIGMA and NATSO) but there are a handful of folks that our CEO would like to personally invite if he's able. Example, Ron Fulenchek is the Senior Director of Environmental for 7-11 and a very active member on SIGMA's Legislative Committee and Ryan would like to extend the invite to him. Would you need a list of folks in the room? It wouldn't be a huge amount added on top of the boards – just a few. Happy to provide the list once it's finalized for your security people.

Just let me know if that would be amenable.

Thanks so much!

Best,

Liz.
