Ms. Skipwith

Please just let me know if you need anything else from us.

Also, I am very curious as to how the call with NJ DEP went today and whether you have arrived at a decision based on the information you now have. If you have a moment, I would love to discuss.

Thanks.

Michael

We are still waiting for a copy of the latest deed, but I wanted to send you the information we had at hand. The proposed substitution property that Liberty National would purchase and donate to New Jersey is located in Estell Manor, New Jersey. It is valued at approximately \$2,000 an acre, and it is currently vacant and privately owned.

In response to your other question, the point of contact in New Jersey is Commissioner Bob Martin of the Department of Environmental Protection or his deputy chief of staff, John Gray, who attended our meeting last week. They can be reached at bob.martin@dep.nj.gov or (609) 777-4327.

We'll forward a copy of the deed as soon as we have it.

Michael,

Thank you for your note. Could you provide me a copy of the deed of the Peninsula Property you are interested in acquiring? This is necessary information to evaluate the legal requirements. Once that is reviewed, it will assist in us having a productive conversation. Thank you.

Attached please find a pdf containing both the memo and the photographs noted in my email, below. We believe that we have made tremendous progress toward meeting the requirements for approval of the lease/exchange transaction involving the Peninsula Property. What more that needs to be done we are prepared to do as soon as the NJ DEP issues its RFP, which it will do once it hears from you. Unfortunately, the window for moving this project forward this year is closing rapidly; so rapidly that NJ DEP needs to hear from you by next Friday. We understand that you need to be satisfied that all legal requirements have been or promptly will be met once the RFP issues. And we know that you are busy. So we want to do everything we can to make sure all of your questions are answered and any concerns are addressed.

To that end, do you have time for a quick call on Monday to discuss what more we might need to do to move this process forward? If so, please let us know when works for you.

Thanks very much for your help.

Dear Ms. Skipwith

Thank you so much for taking the time to meet with us today to discuss the Liberty State Park land lease swap transaction that our client is proposing. As you heard from John Gray with the NJ DEP and others, time really is of the essence with this project, which has the support of the entire NJ congressional delegation as well as Governor Christie. As you know, that kind of bipartisan support is rare these days. We think it reflects just how much sense this transaction makes from pretty much all angles.

In the next day or so, we plan to provide you with the following:

- A memo setting forth the “conversion” process, as we understand it, along with what WA Golf Company has done and plans to do to satisfy applicable requirements; and
- Copies of the photographs you requested.

If there is anything else we can provide that would be helpful, or if there is anyone else with whom you think we should meet, please let us know. We are also happy to come back to meet with you again or to get on the phone at any time.

We appreciate your attention to this project.

Sincerely,

Michael
