AIR MAIL

Dr. Edward J. Burger, Jr.
Executive Office of the President
Office of Science and Technology
Washington, D. C. 20506

Dear Dr. Burger: As promised I am enclosing additional information on Monsanto U.S. data to ~~I am enclosing herewith details of Monsanto U.S. domestic~~ production and sales for the polychlorinated biphenyls over the period 1963 to 1971, and estimates for 1972. Earlier information is less complete but we are endeavoring to develop a reasonably accurate picture which will be made available to you in the near future.

I am not attempting to provide answers to your list of questions in this letter as in many cases we lack the necessary information to provide an accurate answer. As agreed during our recent telephone conversation, the best way to handle this subject would be to arrange a further meeting with Dr. Sarofim and yourself. I therefore look forward to hearing from you as soon as you are able to establish a convenient date for a meeting in either Washington or St. Louis.

Sincerely yours,

John Mason
Group Director
