U.S.A.

Dear Dr. Kehoe,

Medical Supervision - Pladjoe.

We have just been advised by the Asiatic Petroleum Company that the Ethyl blending plant which is proposed for their refinery at Palembang, Sumatra has now progressed towards its final stage. Dr. M.N. Arends is acting as medical consultant for the project. It is not clear from their letter as to whether or not he is a qualified medical doctor. I should rather imagine that this is the case. I should be able to give you detailed information on this point on my next recent visit there.

Whatever Dr. Arends' status is I imagine that you will get into direct touch with him, and we have been requested that all correspondence should be addressed C/o. The Administration of the Petroleum Mij, Pladjoe-by-Palembang, Sumatra, D.E.I.

Yours very truly

H. FOSSETT.
