Dear Ken:

I am mailing to you under separate cover a copy of the PNEUMOCONIOSES which was published this year. It contains a chapter on "Asbestosis" by Dr. Kenneth W. Smith, who is a friend of mine. Dr. Smith has probably had as extensive personal experience in respect to "Asbestosis" as any physician I know. Before coming to New York as Medical Director of Johns-Manville Corporation, he worked in their Canadian mines and mill operations.

My purpose in sending this book to you, is that I think it would be well to turn it over to Dr. L. H. Andrus as a reference book. The medical group may not be familiar with "Asbestosis". It is not the sort of book we would want readily available to plant personal in general.

Very truly yours,

Tom.

Medical Director

Thomas W. Nale, M.D.
