Great chatting briefly, Michael. It was great seeing you at the WV Class VI Primacy event! Thank you again for the invitation and the great work you all are already executing.

Sorry I caught you headed into a meeting. My cell is 202.403.4450 if you have a moment to chat.

I am reaching out as I regret I do not have the right POC for submitting a meeting request with Administrator Zeldin on behalf of Chevron's President for America, Bruce Niemeyer. He and the Administrator met briefly at a dinner President Trump attended during inauguration, and Bruce would welcome the chance to meet with Administrator Zeldin during his trip to Washington DC next week.

Separately, I also wanted to see if you, Administrator Zeldin, or any other EPA officials would be attending the major CERAWEEK energy conference in Houston in two weeks. If so, we would love to see you all there as well.

Thanks again and I hope all is well!

All the best,
Michael
