Subject: Background for Shanghai call today

Events leading up to current situation:

Feb 15 Howard Feldman, API Manager for Shanghai study, called U of Colorado to discuss how to transition to new funding and, perhaps, CinPathoGen as the recipient of funding

Feb 16 Howard and Patsy talked with U of C staff on same topic

Feb 23 XOM called Patsy and requested a call with Dr. Richard Irons
Michael Bird and Brian Doll, XOM, Dr. Irons and myself had a call. Dr Irons felt that the conversations with the U of C had jeopardized his standing.

Dr. Irons requested that a letter be sent to U of C stating that the consortium agreed to funding and agreed to CinPathogen. Dr. Irons dictated the letter to Brian Doll, who typed the letter, emailed to Patsy. Patsy signed the letter and faxed it the Irons and U of C staff.

Feb 28 Howard eldman left a voice mail for Patsy that "You must withdraw the letter by cob Thursday, March 1. If not, API will send a countermanding letter to U of C," in essence withdrawing the letter.
