Subject: NESHAP Pres Exemptions

Hi Aaron, Abbie and Alex – Comms plan and web text linked below. Just wanted to check if industry, Hill, or intergov notifications are needed before or after the web goes live, or if we should just post this afternoon and leave it at that for today. OPA is plugged in, so we're good there, but if you like, we can flag for OCIR and public engagement (Mike Abboud & team), too, so they're aware.

At 3pm today OAQPS is planning post information in the banner of [this website](#) announcing that facilities can submit requests for a Presidential Exemption under section 112(i)(4) of the Clean Air Act for the nine NESHAPS identified in the [3/12 press release](#). The email box is live now and OAQPS staff have access to it.

The communication strategy has the desk statement and a social media post, and we can add a notification list if needed. There are a couple of q/a in the comms plan that will need fleshing out in case we're asked.

Communication Strategy:  [112 Presidential Exemptions -- announcing process -- Com Strategy.docx](#)
Web text (and text for emails to stakeholders) -  [2025.03.21 Presidential Exemption Directions Egdits.docx](#)

We'll proceed to post at 3pm, unless we hear otherwise.

Thanks –

John
