Dear Dan,

This is to advise that work on estimation of expected numbers of mesothelioma cases amongst the ex-Wittenoom workforce has proceeded satisfactorily and at this stage we expect to forward a report to you at about the end of October.

The funds provided have been just about right in terms of providing the additional statistical help which we needed and I am not proposing to suggest that the cost of my time or the time of any others involved be remunerated in any way.

With best wishes,

Yours sincerely,

Bruce Armstrong
