Dr. W. J. McConnell
Metropolitan Life Insurance Co.
1 Madison Avenue
New York, N. Y.

Dear Dr. McConnell:

Our Mine Organization at Asbestos has indicated that the Mill changes will be completed during December of this year. Although no specific date has been established, they suggest that, if your schedule will permit, a survey be planned shortly after the first of the year. The Limro Line has not yet advised whether this time will be satisfactory for them but we will endeavor to obtain acceptance in order that the two surveys may be made consecutively.

Will you kindly advise whether your schedule will permit surveying the Asbestos location during the month of January, 1951. The specific date can be established at a later time.

Yours very truly,

H. M. JACKSON
Safety Engineer
