Hi Patrick...

Sorry to hear about the meeting on the 28<sup>th</sup>...we are happy to work with you to reschedule.

The uranium issues are pretty specific and technical, and I think would definitely need longer meeting to accommodate (AM for NEPA and Air, and PM for Uranium). That said, we did something similar in February and I think we could work it out.

Let's stay in touch...

Cheers,  
TD

Hi Travis,

Could we cover the NEPA and exceptional events topics at this Uranium Industry meeting?

I am cancelling the June 28 meeting as Doug was not able to attend. Doug's scheduler Diane Moon is copied here to schedule this next meeting.

Thanks,
