VICE PRESIDENT
TECHNICAL DIRECTOR

Mr. Kenneth L. Schurter
Continental Oil Company
Park Eighty Plaza East
Saddle Brook, New Jersey 07662

Dear Mr. Schurter:

Herewith is an invoice for payment of your company's proportionate share of research programs on the metabolism of vinyl chloride and on possible teratogenic properties of vinyl chloride, in accord with your earlier commitment. These programs were recently approved by the MCA Board of Directors. As they are now in progress by The Dow Chemical Company, an early response would be appreciated.

Although we now have commitments in support of additional chronic inhalation studies and a proposed study involving a single massive exposure of mice to vinyl chloride, the final protocols have not been decided. A decision is expected soon and you will be advised accordingly.

Sincerely,

A handwritten signature in cursive script, appearing to read "A. Clark", is written below the word "Sincerely,".
