

HIPPO Portable Hand Vac for Dry Pickup

The most powerful portable hand vac you can buy, Hippo combines rugged, dependable power with lightweight portability. Cleans air conditioning and heating vents, machinery, stairs, crawl spaces, shelves, tools, workbenches, storage bins, pipes, window sills, vehicles, computer units, telex and copier machines. Used for years by leading computer manufacturers in their own service departments, this vacuum is perfect for economical cleaning and for keeping any decentralized computer system dust and dirt free, and for the service man whom making calls. Convenient in tight areas, this vac picks up paper chips, dust, and other unwanted debris from printers, card punchers, disc-drive areas, tape racks, and related computer hardware.

- Unbreakable housing is guaranteed for life.
- Twice the power and dirt capacity of the average portable hand vacuum.
- Adjustable shoulder strap provides ease in handling.
- Converts to a powerful, portable blower by putting accessories into the exhaust outlet.
- Cleans bins, equipment, anywhere you need a large volume of dry air.
- Permanently lubricated 1.1 HP motor; creates over 100 CFM of pick-up power.
- Double filter (bag-foam disc) keeps exhaust air filtered clean; prevents motor clogs and overheating. Disposable one-quart capacity paper filters can be changed in seconds.
- 17½ ft. 18 gauge 3-conductor cord.
- Quick-action snap clamps for easy opening and emptying.
- Includes shoulder strap, 6' x 1¼" hose, 1¼" diameter extension wands, crevice tool, round brush, master nozzle, 2½" hose coupling.
- UL listed, for operator safety.

Model 999-19

Hippo Blower

Lightweight, portable unit for cleaning bins, equipment, or anywhere you need a large volume of clean, dry air. Hospitals use this Blower to dry plaster casts; beekeepers use it to clean bees from honey supers; art departments in major industries and professional photographers have found it will dry film negatives in seconds, eliminating water spots and foreign matter. Far less expensive than "specialized" comparable units. Delivers 13,000 feet per minute velocity. Shoulder strap and 8" blower nozzle included.

UL listed, for operator safety.
