Hi Jackson,

We are still collecting slides from people and hope to have a package to distribute as early as tomorrow.

Thanks,
Scott

Hi Scott,

Thank you for hosting the meeting yesterday, and thank you and Mr. Cason for focusing your attention on this very important issue. I know the Navajo President and Speaker appreciated the discussion as well as the action items that came out of the meeting.

We have a couple follow up issues, but first our folks wanted to get e-copies of the slides. I apologize if someone already sent them, but if not can you point me to someone who would have them?

Thanks,

Jackson
