

J-M Manufacturing Company, Inc.

Internal Correspondence

To: E. E. Wang, Stockton

Date: August 31, 1983

From: J. T. Armstrong, Denison *JTA*

Copies: A. M. Curry

Subject: INDUSTRIAL HYGIENE SAMPLING

Per your request, attached is a list of contaminants that we feel may require monitoring, and the number of stations related to each.

It would be helpful if you would peruse Denison's manufacturing and purchase specifications to determine if there are other potentially hazardous materials.
