

are received too late to help new families in the area who are not able to receive welfare and also provides psychiatric services.

Running for president were Frank Barthelme and Frank Wang. Barthelme, now vice president of the Associated Students and Wang is a freshman history major with no student government background at the college.

Vice presidential hopefuls were freshmen Bill and Judy Hammer. Bill Carson was first semester freshman class president; Carson is a police science major; and Miss Hammer is a commissioner of communications.

Senator Race
Fourteen students ran for 14 senatorial positions. They were Peter Bensch, Ran Berkline, Steve Corey, Charles Grimes, John De Groot, James Keown, Stanley Lindberg, Barbara Lord, Jim Marks, Francis Mazon, Ernest Mervart, Jamal Mushi, Jim Murryn and Walt Reuland. Only John De Groot and Francis Mazon have held senatorial positions before.

It is possible that written candidates may ease out some of these candidates. The election culminated a week's petition-signing and campaigning. Nineteen students ran for 15 positions.

Debaters Agree
The presidential campaign featured a "debate" between candidates Frank Barthelme and Frank Wang, who agreed on major points.

Friday, Jimmy Croce, a Psi Sigma Chi "brother" of Barthelme, covered himself from head to foot with "Vote for Barthelme" tags in a picturesque campaign gimmick.

Yesterday a microphone was set up in the Student Union during the noon hour for candidates to bring their message to the students.

All positions filled today are year-long offices. In case of ties or close votes, a run-off election will be held.

Charity Funds
The Inter-City Council has announced the recipients of its annual donation to charities. The combined clubs raised approximately \$639 during Charity Week with booths, games, auctions, talent shows and other money-making activities.

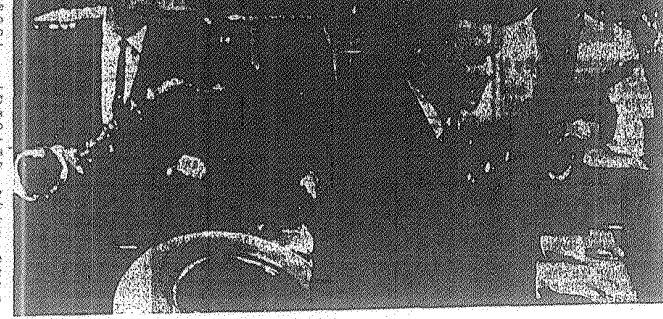

At last week's meeting, the group decided to award \$100 apiece to the Christmas Bureau, Beacon House and Family Service Agency. The Christmas Bureau repairs and donates toys and gifts to

For Emergencies
TCC has decided to donate \$150 to the MPC Emergency Fund. This fund is a loan service to students to pay for prescriptions, broken glasses and other emergency medical services.

The World University Service will receive \$50 for its various activities devoted to needy students all over the world.

The Monterey Institute for Speech and Hearing and Gateway House for retarded children will each receive \$50.

The \$639 figure still has to be adjusted, with a few bills yet to be paid. All money exceeding \$600 will be given to the Committee for Community Action, an MPC project with Highlands Elementary School.

Music Scholarship Winners

Monterey Peninsula College students who have been awarded \$400 music scholarships by the Monterey Jazz Festival are Holly Garrels at the piano and, from left, seated, David Schetter, saxophone; Alan O'Dea,

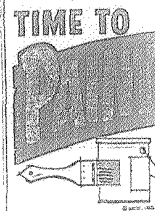

tuba; and Michael Stephens, saxophone. Standing, from left, are James Bowman, percussion; Sal Salillo, tympani; and Charles Brown, accordion and percussion.

employment.
Michele Judge and Pamela Barnard, both of Carmel, plan to leave here June 16 after completing their second year at MPC.
They will stay with Michele's grandparents in Marseille, France, for two or three weeks upon their arrival in Europe. The rest of the summer will be spent visiting nearly every European country by rail.
In the fall, they hope

provide "low cost opportunities for students and teachers, 16 to 46, to live and work abroad for a summer vacation or longer in the language area of their choosing."
Further information may be obtained from Mrs. C. B. Richmond of 174 San Bernabe Dr., Monterey, whose 16-year-old son, Charles, has also made application for European employment this summer.

Trade Balance Cut

WASHINGTON (AP) — A 10 per cent drop in exports and a 3 per cent rise in imports reduced the favorable U.S. trade balance to a seasonally adjusted annual rate of \$4.1 billion during April, the Commerce Department reported.
