Please consider this request to meet on Monday to discuss remedies to objections on SO 3362. William will coordinate on my end.

Suggested topics:

1. define/resolve the objections on SO 3362;
2. review how the broader sheep issue has been prevented from blowing up over the last 5 years, who is doing that work (there are a few), and how end runs and late hit objections from outside the table several times put it at risk;
3. how to make progress so the broader issue is no longer volatile, however difficult it may remain.

Suggested attendees: whoever the latest objectors are.

Thanks for the work on this to date. Looking forward to making it happen and rolling it forward to better things. Greg

Greg,

Thanks for reaching out on this. I am cc'ing Kate MacGregor and her assistant (Lacey). While Casey Stemler is the lead coordinator for the Office of the Secretary on implementing the big game migration corridor initiative, Kate is the policy lead.

Kate's assistant will coordinate schedules and work with you on a time next week so that you, Kate and Casey Stemler can discuss further in detail. Thank you.
