

MEMORANDUM

For Miss Dale
and
Miss McCreery

By Dr. Edsall

March 30, 1929.

I have arranged with Dr. Aub that \$1500.
of the General Funds of the School of Public Health be
used for studies of benzol absorption next year; and
Dr. Aub designated Dr. George P. Robb as the person
to be on this salary.

The money that Dr. Robb has had assigned
to him in the Cancer Commission budget can thus be
freed and Dr. Aub is to designate a man to be on that
\$1500.
