Mr. Lee A. DeHihms
Acting Regional Administrator
United States Environmental Protection Agency
Region IV
345 Courtland Street
Atlanta, GA 30365

Dear Mr. DeHihms:

Mr. Ravan's letter to Mr. John Friend dated May 11, 1987, granted approval of our request for a waiver of compliance with the revisions to the National Emission Standards for Hazardous Air Pollutants: Vinyl Chloride which were promulgated September 30, 1986. The waiver request required this facility to perform an emission test as specified in 40 CFR 61.245 during the period of the waiver. The emission test was conducted on September 4 and September 8, 1987. A copy of Mr. John Friend's letter to Mr. Ravan advising him of the emission test is attached.

This letter provides you the emission test results per 40 CFR 61.13. No leaking valves were found in the 200 randomly selected valves which were monitored in this emission test.

Please contact me at 601-369-3609 if you have any questions pertaining to this emission test.

Sincerely,

R. A. Frohreich
