Dear Dr. Kehoe:

I am sure that you will be interested to know that, Judge Lehman finally, after approximately 18 months, filed an Opinion on the Noerr case awarding approximately \$53,000.00 damages to the Noerr's, which of course, was a victory for us. I was disappointed however, in his failure to award anything for damages to the Noerr real estate.

You probably will also be interested to know that my son, Richard, was accepted at Hahneman Medical School at Philadelphia and appears to be getting along quite well thus far.

With kind regards and trusting you are in good health,
I am,

Respectfully yours,

ALBERT HOUCK
