Dear Michelle,

I hope my email finds you and your family well.

I would kind ask you to send my letter to Administrator.

I would like to wish you all the best,

Sincerely Yours
Maxim

"Dear Administrator Pruitt,

Our thought and prayers are with people of Texas and Louisiana during those difficult time.

We would like to express our deepest condolences to the families that lost their family member and wish to recover soon for the injured.

I would like thank you again for your kind letter after our last visit to your office.

I am most pleased to share exciting Water-Gen news from last night. UN Secretary General Antonio Guterres and Israeli Prime Minister Benjamin Netanyahu were the guests of honor at an innovation showcase at the Israel Museum along with UN Ambassador to Israel Danny Danon and other distinguished guests from the UN and Israel's Foreign Ministry.

Water-Gen was one of four companies chosen to represent the best in Israeli technologies that are improving the world and striving to reach the UN-initiated 2030 sustainable development goals.

I had the honor to demonstrate Water-Gen's water-from-air technology and Secretary General Guterres and Prime Minister Netanyahu tasted Water-Gen's fresh and clean drinking water from the air. I also stated to Secretary General Guterres that the world does not have to wait until 2030 to solve the global water crisis. Water-Gen can produce clean and safe drinking water now and change the lives of billions around the world and save millions of lives.
