Dr. John K. Train,
1107 Bull Street
Savannah, Ga.

Dear Dr. Train,

Thank you very much for your kindness in getting Miss McGlothlin to prepare the hospital notes for the benefit of Drs. Kehoe and Kitzmiller. I appreciate this immensely.

As per your request, you will find my personal check made payable to the young lady for \$25.00. I know she would like to have the money before Christmas, so I am hastening to send it to her. I sincerely hope you have no objection to mailing it as I do not know her initials.

As for disposition of the large box of glass jars, I am writing Dr. Kitzmiller today with the request that he write you direct. I am reasonably sure he would like to have it returned to Cincinnati, but hesitate to ask you to make the shipment until we can have heard from that source.

I intend to be in Savannah shortly after the first of the year and have every intention of paying you a visit. I appreciate immensely your reimbursing the young lady for the tiresome and tedious work she has done for our medical department and wish to take this means of thanking you.

Please deliver my kindest regards to Mrs. Train and your delightful children. Tell them all that I wish for them the happiest of Christmases and that the New Year begins with more promise than any they have yet approached.

Sincerely yours,

enclosure.
