CLAIMANT:

DATE OF ACCIDENT: JUNE 1, 1978

REDACTED

Dear Mr. Locker:

This case continues to be controverted and we have recently appealed the decision of Judge Murphy of the Compensation Board. Our chances of success in sustaining the controversy are slim. We have recently been in touch with Attorney Ted Oot, who represents . He is seeking information to support a third party liability claim against the manufacturers of Polane and Opex, or the producers of the chemical ingredients which go into the make up of these two products.

It is my understanding that both Polane and Opex are manufactured by your company. Please confirm whether or not this is true. If it is so, we would appreciate your supplying us with the names of the petroleum and/or chemical companies which supply Sherwin-Williams with the ingredients for these two products. It would probably be in the best of both of our interests for the attorney to commence a third party action. Please contact us if you have any questions at all concerning this matter. We would appreciate your prompt response.

Very truly yours,

John F. Mulcahy
