

## Interoffice Communication

TO: Conoco Environmental Council  
FROM: Terry L. Thoen *✓ ERM*  
DATE: September 7, 1988  
SUBJECT: API RESEARCH ISSUES

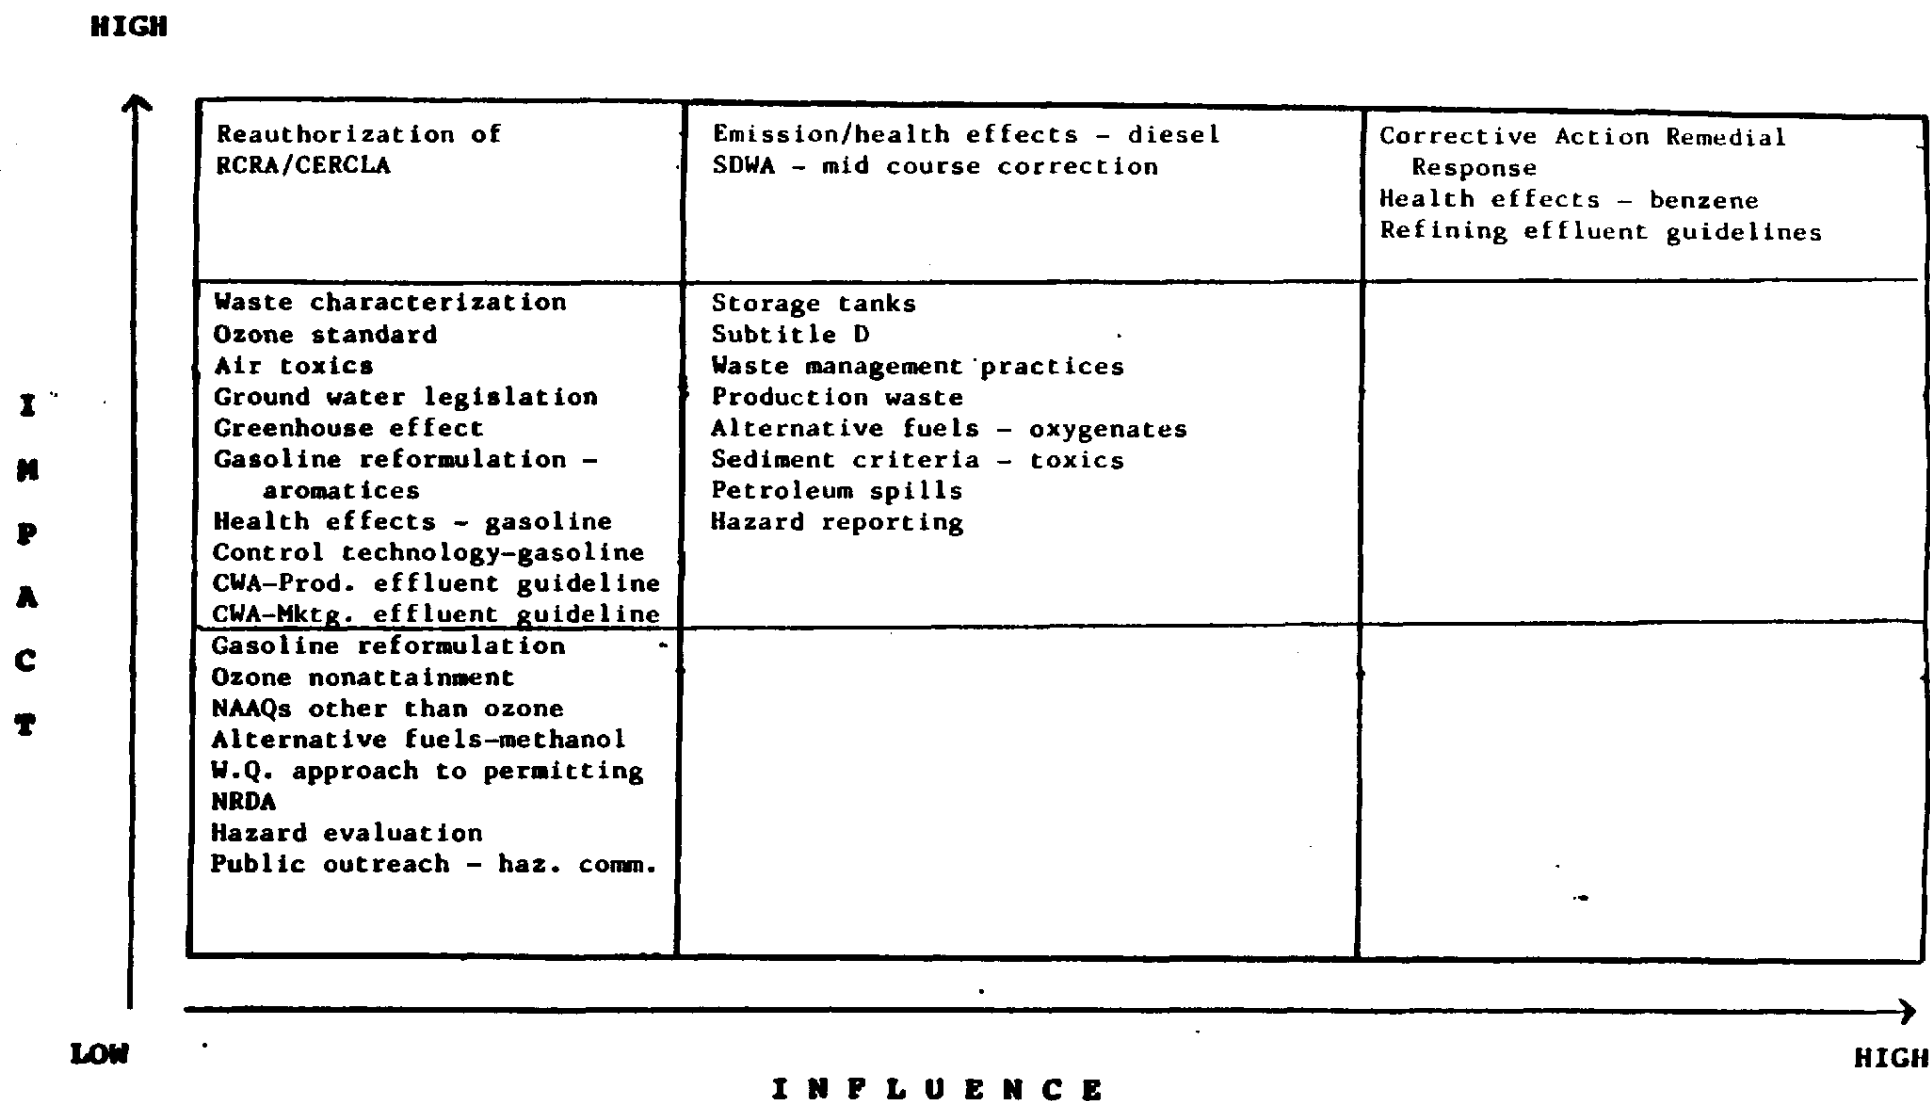

One of the agenda items for our Council meeting is the discussion of API research priorities. Enclosed are copies of three views of those priorities. I'd like to have a good discussion about these issues and would like your feedback prior to a HEGC ranking meeting on September 21 and 22. Thanks.
