Subject: Rescheduling the Joint Meeting to Discuss Asbestos on Wednesday, 21 at 2:30 - 3:15

I'm very sorry that the weather has forced me to reschedule our meeting on Wednesday, 21 at 2:30 - 3:15 pm, but I didn't want anyone to travel unsafely.

It is critically important to us, the Asbestos Disease Awareness Organization, AFL-CIO, American Public Health Association OSH Section, International Association of Heat and Frost Insulators and Allied Workers, and Safer Chemicals, Healthy Families, that we meet with you before the EPA finalizes the *Problem Formula Document*.

We would like to discuss the *Scope of the Risk Evaluation for Asbestos* document that presently excludes legacy use and the Libby Amphibole from the risk evaluation, and also new contaminated products that are being distribution in commerce.

We are in the process of polling our March 21 attendees for an alternate meeting date; however, if the EPA plans to finalize the *Problem Formula Document* before April 7, we would like to schedule a phone meeting to discuss these important issues that are and will continue to impact public health and the environment.

Sincerely,

Linda Reinstein

Linda Reinstein, President/CEO, Asbestos Disease Awareness Organization (ADAO)

14th Annual International ADAO Asbestos Awareness and Prevention Conference April 13 - 15, 2018
