Dear Roy:

Joe Kingston and I have reviewed the literature search and agreed that the "Oral Hazard" paragraphs should be deleted. I have also listed other suggested changes on the attached. We did not feel that other major changes would be appropriate.

We feel that you should call Dr. Gross to see if he has any strong objections to these changes. If he is agreeable and if you and Dick concur, then it should be possible to proceed with preparation for publication.

I am also enclosing a draft of a preface. Feel free to modify it if you wish.

Best Regards.

Very truly yours,

E. E. Swain, Jr.

EES:ps

P.S. - Joe Kingston - I believe this covers what we discussed by phone on 3/21. If you have other corrections, please let Roy know.
