June 17, 1936

Mr. J. C. Taylor,

Attention: Mr. H. W. Kaley,

Dear Harry:

This is to advise that a Mr. W. G. Hawkinson of the U.S. Fidelity and Guaranty Company, 521 Wright Building, Tulsa, called today to discuss the case of [redacted], a former employee of the Johnson Oil Refining Company at Cleveland, Oklahoma, on which we have had some correspondence with you and Dr. Kehoe.

Mr. Hawkinson informed us that Mr. [redacted] has filed a claim with the State Industrial Commission for compensation due to injuries received in handling leaded gasoline and his wi[redacted] iled a claim to perpetuate the testimony of [redacted]

Since the U.S. Fidelity and Guaranty Company handles employees liability for Johnson Oil Refining Company, anticipated suits brought by [redacted] will be handled by Mr. Hawkinson. The latter is especially desirous of getting all information possible for their medical staff, Doctors Ray Wiley and M. S. White, and at my suggestion, he is writing directly to Dr. Kehoe asking him for medical data.

This case was investigated by Dr. Schradin on his last trip through this territory and should involve our Company in no manner.

Very truly yours,

T. E. RONAN,
BY: Harry Kaley
