

1 testimony.

2 A When I say I testify in friction cases, a
3 few cases a year, I did not specify whether that is
4 mesothelioma or lung cancer.

5 Q Well, regardless, in all of the cases that
6 you have testified where a brake mechanic has alleged
7 mesothelioma, your opinion has been that his
8 occupational asbestos exposure as a brake mechanic or
9 clutch mechanic did not contribute to his
10 mesothelioma?

11 A Yes. I am very consistent in that, unless
12 there is new evidence to say otherwise.

13 Q Are you aware of the total number of
14 mesothelioma cases in brake repair workers in
15 litigation?

16 A No.

17 Q Have you ever received any information from
18 Ford indicating the total number of mesothelioma cases
19 claimed against it by brake repair workers?

20 A No.

21 Q Have you ever asked Ford for that
