

1 Q Do you remember any other details about examples
2 of how it was wrong in the procedure?

3 A It was -- it was how he was describing a fixed
4 anchor and an adjustable anchor brake. It had to do with the
5 way he was describing them, as I recall.

6 Q How many times did you have any discussions with
7 Dr. Selikoff about asbestos?

8 A Maybe once or twice after that, besides that.

9 Q So that would be a total of approximately three
10 times?

11 A Yes, yes.

12 Q Were they all by phone or did you ever meet with
13 him personally?

14 A I went over to Mt. Sinai once.

15 Q Do you recall approximately when that was?

16 A No, I do not.

17 Q What was the purpose of you going to Mt. Sinai?

18 A They were going to give a report, a status report
19 on the study they were making of the morbidity and some kind
20 of it a -- a NIOSH study which I referred to just recently
21 and he was to give an update or report.

22 Q Were you invited to come listen to the report?

23 A Yes, I guess we were invited.
