University of Cincinnati,
Cincinnati, Ohio.

IN RE:

HELL
ION

Dear Dr. Kehoe:

I wish to thank you very much for your letter of the 24th instant, and assure you that the suggestions set forth in this letter will assist us immeasurably in preparing for this trial. I am today ordering the two text books suggested by you.

This case has been removed to the Federal Court and plaintiff has filed a motion to remand it to the State Court, and we are, therefore, at the present time concentrating all our efforts on this legal phase of the question and it will probably be some time before we will be ready to take up the medical end. However, this case will probably not be ready for trial until sometime next Fall. In the meantime, we will feel free to call upon you for additional information and help in preparing the medical end of this case.

Very truly yours,

SHELL PETROLEUM CORPORATION,
Legal Department,

By:

Geoff Cunningham
Attorney
