MANFRED BOWDITCH
DIRECTOR OF HEALTH AND SAFETY

August 16, 1946

Harriet L. Hardy, M.D.
Massachusetts General Hospital
Boston 14, Mass.

Dear Harriet:

The purpose of this letter is mainly to let you and the others who have been so ~~part~~ ^{part} in the Glassel matter know why I am not immediately following through on my plan to send to the Houston medico the ~~t~~ ^{the} ~~effects of~~ ^{effects of} comments of which copies went to you last

In the ~~with~~ ^{with} approval and your telephonic one, and ~~no remonstrance~~ ^{no remonstrance} from either Cincinnati or Los Angeles, I was all set to do so yesterday, but then I got to wondering if there were any remote possibility that this might lead to some unpleasantness for me, and as this would of course be the last thing I would I decided to seek a bit of legal advice.

So I called up Ted ~~said that~~ ^{said that}, from what I told him, he thought there might be a chance of this. He asked, however, that I give him some of the documents in the case, so that he could give me a more informed opinion. This I did in a letter yesterday and, pending his reply, about all I can say now is that he approves my sending the comments to Glassel ~~and~~ ^{and} if he does not, I shall find some other means of winding up the job, probably by a stop in Houston on my next trip west, when I can read the comments to the man, which Ted said would give him no handle to make trouble for anyone.

I will of course let you know how the situation develops.

Sincerely,

MB/J
