Dear Don:

Attached please find letter from Dr. Philip Fine, who obviously does not want his paper to appear in the transcript of the Midwest Regional Conference on Childhood Lead Poisoning.

I wasn't sure if you planned to incorporate the paper in the first place, but if you did hopefully you will reconsider.

Sincerely yours,

Marty

Dear Mr. Dale:

Thank you for your letter of May 15, 1972. I wish to advise you that the paper which I presented at the Conference was extracted, in part, from a publication which is currently in press with the JAMA.

So as to avoid any unwitting infringement of copyrights, I must advise you that inclusion of my remarks in the proceedings will require permission from the editor of the above-mentioned journal. Until such time as you have secured such permission and I have a copy of that document in hand, I must withhold my permission for publication as part of the proceedings from the Conference.

I will be forwarding an itemized statement of my expenses to you by the end of this week.

Very truly yours,

Philip R. Fine, Ph.D., M.S.P.H.
Health Services Coordinator
