Of Youth Council
 The regular evening services at the First Methodist Episcopal Church next Sunday evening at 7:30 will be given over to the young people. Reports of the Youth Council which was recently held at Evanston, Ill., will be given. More than 1000 young people of the church from almost every state in the union met from August 30 to September 2 to discuss current problems with religion. The theme of the conference was "Working with God for a New World." Only those between the ages of 17 and 25 were permitted to vote.

The declarations of these young people on world peace and the liquor situation, better movies, race discrimination, and economic problems will be reported on Sunday evening.
 Paul W. Campbell, director of the Epworth League work in Northern California; Miss Muriel Bernsdorf of Palo Alto, and the Misses Lois Ralston and Clodette Tompkins of San Jose will take part in the services. Young people of the Mayfield church will be present to hear the report. The public is invited.

The proposal to strike was put before the convention yesterday by John Chalmers of Madrid, vice president of the union who charged that the farm administration is "putting the farmer in a straight jacket." The strike is to be called, the resolution says, unless the government gives the farmers immediate "consideration."
 A vote was scheduled for today, with Chalmers declaring he would be "the most disappointed man on earth" if the measure is not adopted. "Now," he said, "is the opportune time to strike."
